To Whom It May Concern:

I was assigned to be Prof. Brian Fuller's Departmental representative for the spring 2021 semester. Due to COVID, we were teaching remotely online. Brian sent me a link to a virtual class he recorded which I was going to observe, however, by the time I got around to seeing the recorded class, the link was no longer working. The recording was deleted by ITS. As a result, Prof. Fuller will be inserting this letter justifying why he is missing an observational letter by the Departmental representative.

Respectfully,

Michael Genz, Area Head, Cinema/Animation
