APPLICANT A

One time... God, it was amazing. I let out this really long perfect fart. I mean, I ripped one. It wasn't wet or shrill or anything like that. It was just... like... a perfect pitch, you know? But the most satisfying thing was just how long - it just kept going, right? It went on for such a long time, I thought, like, my ass was gonna have to take a breath so it could keep going, you know? Perfect. Absolutely perfect.

INTERVIEWER

Uh. Okay. And... um... what would you say was a personal *weakness*?
