FADE IN:

A
Ahhhh! There's a sausage link in
the trashcan!

B
What?

A
Somebody threw away link sausage!

B
It fell in dog hair.

A
You could wash it off!

B
You'd eat it after I washed it?

A
Obviously... it's link sausage!

B
Reach in there and get it.

A
What?

B
Reach in the trashcan and get it.

A
That's sick!

B
It's sick to pull it out of the
trash, but not sick to wash dog
hair off it?

A
It's got green beans on it.

B
Dog hair, yes. Green beans, no?
What, exactly, are the criteria
here?
