A

Like, lowkey true. Like I thought I had met *every single person* in this general area that I could have *possibly* had anything with and then I was wrong.

C

Nah, there's always more people, bruh. - come here kitty – like Gustav Holst.

B

Would you shut up about Gustav Holst?

A

Laughter

C

Am I not allowed to talk about my boyfriend, bro?

B

He's not your boyfriend-

C

He's literally my boyfriend. Why would you disrespect my yumeship like that, man?

B

I was going to say, is this a Yumeship or something?

C

No, I-I saw a tweet- like a genuine tweet, no joke, and someone broke up with their partner because of their *yumeship.*

B

*laughing * bruh.

A

Wooow...

C

And their partner was like, “Are you seriously breaking up with me over this?” And *then, they* were calling their partner ableist for being mad at them!

B

That’s Fucking Wack

A

Yall need Jesus.

C

I love Twitter!
